EXPERIENCE

WEB DESIGN & MOBILE DEVELOPER
BuildUCLA | 2014-2015
- As a web designer, constructed hi-fidelity mockups for new web application landing page.
- As a mobile developer, sketched UI/UX improvements for UCLA library app based on user feedback, tested and debugged app crashes, and refactored existing code base for clearer readability.

WEB DEVELOPER
The Daily Bruin | 2012 – 2014
- Worked closely with news editors and web development teams to pin down requirements for flat pages and web applications.
- Collaborated with team through Trello and Asana project management software and GitHub to facilitate task delegation and version control.
- Projects I worked on included:
  - Dynamic web page showcasing Daily Bruin online projects in cascading grid layout with dynamic filtering.
  - Blog styled web page for display of Opinion columns and videos with color coded headers to highlight different categories.

TECHNICAL & ADMINISTRATIVE ASSISTANT
TANMS Engineering Research Center | 2012 – 2015
- Hand coded organization website from scratch using HTML, CSS, and JavaScript to meet the needs of the research center as a news and resource outlet.
- Performed clerical duties as needed including data entry, word processing, and print media design.

WEBMASTER
American Chemical Society UCLA Chapter | 2012 - 2014
- Redesigned organization website and moved site to new web host to create a more modern design and display a more intuitive domain name.
- Trained officers in web development fundamentals and FTP client usage to give officers more control over site content.

CLERICAL ASSISTANT
WeiMing Construction | 2011 - present
- Handled email correspondences between contractor and clients/subcontractors.
- Researched prices and specifications of project materials and handled orders.

SENIOR WEB DEVELOPER
Westmoor High School | 2009 - 2010
- Handled complete redesign and maintenance of school's website using HTML, CSS, and JavaScript to present a more modern appearance and display daily time schedule dynamically.
